Industrial AI EXPO 2026

INDUSTRIAL AI IN ACTION

Expo Overview & Key Insights

Date
Oct. 23, 2026

Venue
KINTEX, Korea

Organized by
Hansung University

Presented by
Akram SM

M.S. in Global AI Management Consulting
Hansung University, South Korea

AI for a Smarter Tomorrow

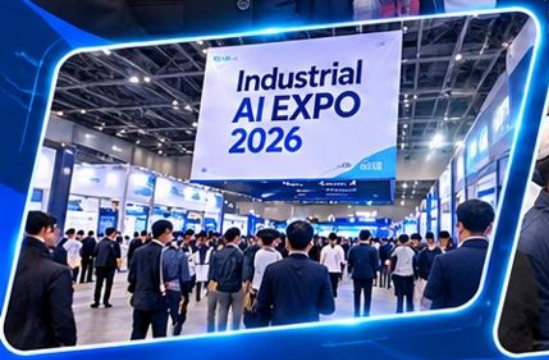

HANSUNG UNIVERSITY
Global Creativity, Global Harmony

Industrial AI EXPO 2026
KINTEX, Korea

Connect AI

Explore • Interact • Innovate

- Group-Based Company Visits
- Direct Interaction with Companies
- Learning About AI Technologies
- Asking Questions & Sharing Ideas
- Gaining Real-World Insights

From Classroom to Real-World AI!

HANSUNG UNIVERSITY
Global Creativity, Global Harmony

Industrial AI EXPO 2026
KINTEX, Korea

Explore • Connect • Innovate

Physical AI Section

Exploring the Next Era of Intelligent Machines

What We Discussed?

- Robotics & Smart Automation
- AI-Powered Humanoid Robots
- Smart Factory & Industrial IoT
- Real-World Applications of Physical AI

Gained valuable insights into how Physical AI is shaping the future!

EGIS – Smart AI & Energy Solutions

Company Category

Smart Energy & AI Solutions Company

EGIS

Smart Energy, Smarter Tomorrow

EGIS is a leading company in the field of smart energy, digital transformation, and AI-based solutions.

Key Focus Areas

- AI Technology
- Smart Energy
- Industrial Solutions
- Digital Transformation

What We Learned?

- EGIS's role in AI and smart energy.
- Innovative solutions for industries.
- Potential collaboration opportunities.

Why It Matters?

- Supports sustainable energy.
- Drives industrial innovation.
- Creates global partnership chances.

EGIS – Bridging AI with a Sustainable Future

AI Bio / Health

Smart Technology for a Healthier Tomorrow

About AI Bio / Health

AI Bio / Health combines Artificial Intelligence with biotechnology and healthcare to improve lives.

Key Technologies

- AI Genomics
- AI Medical Imaging
- Smart Healthcare Devices
- Predictive Health Analytics
- Personalized Medicine

Key Benefits

- Improves Healthcare Quality
- Enables Early Diagnosis
- Supports Personalized Care

Our Vision

Advancing AI Bio Health for a Healthier and Smarter World

EGIS – Bridging AI and Healthcare for a Better Tomorrow

AI Manufacturing | Smart Factory for a Smarter Future

About AI Manufacturing

AI Manufacturing combines artificial intelligence with advanced manufacturing to boost productivity and quality.

EGIS
Smart Energy, Smarter Tomorrow

Key Technologies

- AI Automation
- Smart Robotics
- Smart Factory
- Big Data Analytics

Key Benefits

- Increased Productivity
- Improved Product Quality
- Cost Efficiency

Our Vision

Advancing AI Manufacturing for a Sustainable Industry

EGIS – Bridging AI and Manufacturing for a Smarter Tomorrow

Industrial AI EXPO 2026
KINTEX, KOREA

AI Manufacturing

Exploring Industrial Innovations

During our visit to the AI Manufacturing section, we explored advanced technologies and witnessed how AI is transforming the manufacturing industry.

Key Areas We Explored

- AI-Powered Smart Factory Solutions
- Intelligent Manufacturing & Automation
- Predictive Maintenance
- AI-Based Quality Inspection
- Digital Twin & Industrial Data Analytics
- Smart Production and Process Optimization

Selected Expo Companies

EGIS	MakinaRocks	Mobilint	Minitab	ROBOTIQ
AI and Digital Technology	Industrial AI & Autonomous Manufacturing	AI Semiconductor & Edge AI	Manufacturing Data Analytics	Industrial Robotics

Business Networking & Future Opportunities

Our visits helped us connect with leading companies, and several of them invited us for further discussions.

This opens new opportunities for collaboration in AI technology and Korean manufacturing.

Key Opportunities

- Future Corporate Meetings
- Exploring AI Technology Partnerships
- Korean–Bangladesh Collaboration
- Business Development in Emerging Markets

Beyond Exploring Innovation – Building Connections for Future AI Business Collaboration.

AI Logistics

Smarter Logistics, A More Connected World

AI is transforming the logistics industry with intelligent solutions for faster, greener and more efficient supply chains.

Key Technologies

- Smart Supply Chain Management
- Automated Warehousing
- Drone Delivery & Smart Transport
- Real-Time Tracking
- Demand Forecasting
- Green & Sustainable Logistics

Key Benefits

- Faster Delivery & Higher Efficiency
- Cost Reduction
- Real-Time Visibility
- Eco-Friendly Operations

AI Logistics
Driving the Future of Smart Supply Chain

Robotics Industry Visit & Potential AI Collaboration

Building Connections with Telstar for Future Robotics and AI Collaboration

Email Received from Telstar

Telstar Co., Ltd.
to me

Dear Akram SM,
Thank you for visiting our booth at Industrial AI EXPO 2026.

We are pleased to arrange a follow-up call to discuss potential collaboration opportunities.

Best regards,
Telstar Team

Key Insights

- Live demonstration of Humanoid Robot
- Understanding Physical AI
- Direct engagement with Telstar representatives
- Follow-up call arranged

AI-Based Collaboration Opportunities

1. AI-Powered Robotics & Automation
2. Industrial Automation Solutions
3. Technology Integration
4. Knowledge Exchange
5. International Business Partnership

Expected Benefits

- Access to Advanced Korean Robotics
- AI-Driven Innovation
- Technology Partnership
- Global Networking
- Business Growth in Emerging Markets

From Expo Networking to Future Business Collaboration

Telstar

HANSUNG UNIVERSITY

Corporate Networking & Future Business Collaboration

Industrial AI EXPO 2026
KINTEX, KOREA

Building Industry Connections Beyond the Expo

During Industrial AI EXPO 2026, we established direct communication with representatives from Korean technology companies, including:

TELSTAR

1. TELSTAR – Agentic Robotics
Robotics, intelligent automation and AI technology

brother
at your side

2. Brother Korea
Industrial solutions, printing technology and business innovation

Discussion & Collaboration Opportunities

University Engagement
Both companies expressed interest in further communication with Hansung University.

Corporate Meetings
Discussions are underway to arrange follow-up meetings.

University Invitation
They are willing to connect their representatives so we can invite them to Hansung University.

Business Collaboration
Exploring opportunities for technology partnerships and AI applications.

Knowledge Exchange
Creating opportunities for industry experts to interact with students and faculty.

Proposed Next Steps

1. Arrange follow-up meetings with company representatives.
2. Invite the representatives to Hansung University.
3. Organize discussions with the Dean and relevant faculty members.
4. Identify potential AI, robotics and industrial technology projects.
5. Explore long-term Korea–Bangladesh business collaboration.

From Expo Connections to Real Business Opportunities

*Our goal is to transform industry networking into meaningful **university–industry partnerships** and **international business collaboration.***

HANSUNG UNIVERSITY

Industrial AI EXPO 2026
KINTEX, KOREA

Our Expo Journey & Future Plan

From Knowledge to Collaboration

What We Learned

- Advanced AI Technologies in Manufacturing, Robotics, Logistics, Healthcare & More
- Smart Solutions for Real-World Business
- Insights into Korea's Innovation Ecosystem
- Networking with Leading Companies

Our Collaboration Plan

To turn our Expo experience into real partnership, we will:

- Work with TELSTAR, Brother Korea and other companies
- Invite their representatives to Hansung University
- Explore joint projects in AI & Smart Manufacturing
- Promote Korea–Bangladesh Business Collaboration

Action Roadmap – Our Next Steps

1 Follow-up & Communication

- Contact company representatives
- Confirm collaboration terms

2 University Engagement

- Invite companies to Hansung University
- Arrange official meeting

3 Joint Projects & Research

- Start AI & Industry projects
- Share research & innovation

4 Business Development

- Explore business opportunities
- Build long-term partnership

5 Global Growth

- Expand Korea–Bangladesh collaboration
- Grow together for the future

Together for Innovation, Collaboration and Global Growth

Hansung University × Industry Partners = A Smarter Future

HANSUNG UNIVERSITY

Global AI Management and Business Consulting

Industrial AI Expo 2026

AI for a Smarter Industry

Let's Bring Global Companies into Hansung University!

Learn • Collaborate • Innovate • Grow Together

We aim to invite leading companies from Korea and around the world to **partner** with **Hansung University**, so our students can:

- Get hands-on learning & industry experience
- Join research & innovation projects
- Work on real-world AI and business solutions
- Build global career opportunities

Our Collaboration Partners

SAMSUNG · LG · HYUNDAI
SK hynix · kakao · N
Google · Microsoft · Meta
amazon · intel · Qualcomm
BOSCH · SIEMENS · TOYOTA

... and many more global companies!

Together, We Can Build...

- Industry-Academic Partnership
- Joint R&D & Innovation
- Specialized Training & Workshops
- Startup & Business Incubation
- Global Network & Exchange
- Employment & Internship Opportunities
- Smart Industry Collaboration
- A Sustainable Future

Together for a Smarter, More Connected World

Hansung University × Global Companies = A Stronger Global Community

Let's Collaborate for a Better Tomorrow!

HANSUNG UNIVERSITY | Global AI Management and Business Consulting

Industrial AI Expo 2026
AI for a Smarter Industry

Let's Collaborate Worldwide

Together for a Smarter, More Connected Future

Bangladesh
– A Growing Partner in Global Innovation

- Skilled Workforce
- Dynamic Market
- Strategic Location
- Strong Business Potential

And with Many Countries... Building Partnerships Beyond Borders

Business Collaboration Across All Sectors

- AI Manufacturing
- AI Semiconductor
- AI Energy
- AI Distribution / Logistics
- AI Bio / Healthcare
- AI AI Mobility
- E-Commerce & Digital Business
- Finance & Consulting
- Smart Cities & Infrastructure
- And More...

From Hansung University to the World — Innovating Together, Growing Together.

Global Partnerships • Shared Innovation • A Better Tomorrow

KINTEX, KOREA

AI for a Smarter Tomorrow

Thank You

to Our Esteemed Professors

We sincerely thank you for your wonderful arrangement and continuous support throughout the **Industrial AI EXPO 2026**.

Your guidance, encouragement and valuable support have made this journey more meaningful and successful.

We are truly grateful for your support.

Together for Innovation, Collaboration and a Smarter Future

HANSUNG UNIVERSITY

To My Beloved Batchmates

My Brothers & Sisters, My Heart's Treasure

Together Always

Thank You

for being there,
for your support,
and for making this journey
truly special!

Thank you for being part of our team and for your constant support.

Thank you for sharing your valuable information, accompanying us in every step, and helping us throughout.

Your ideas, cooperation and encouragement made this presentation possible.

And most importantly... Thank you for your unconditional love and support!

I Love You All – From the Core of My Heart!
